REMEMBRANCE DAY SERVICES THURSDAY

Remembrance Services across Canada on Thursday, November 11th will pay tribute to the war dead of two world wars. The Canadian Legion theme for this year's remembrance program, however, is, "If you can't remember -- think."

The message is directed toward younger people who were too young to know war time days, or who were born since, and asks that: "if you can't remember war, think of the peace and your duty as a Canadian citizen."

Remembrance Services in Drayton Valley will commence with "fall-in" at 10:15 a.m. at the Legion Hall. The parade of veterans, auxiliary, air cadets and other youth groups will march to the Cardium Theatre for the service which will start at approximately 10:25.

M. McCullagh, D.F.C., is parade marshall and J. Donovan, Sergeant at Arms. Taking part in the service will be Pastor D. Mohr Mohr and Fr. E. Lynch. Mr. R. Zander, M.L.A. will address the gathering.

The wreath-laying ceremony will complete the service.

The new Drayton Valley Town Band, under the direction of Mr. A. Pierce, will take part in the parade and service. The band will also play selected numbers while coffee and doughnuts are served in the Legion Hall to participants after the service is over.

Mrs. Libby Mohn (R) is shown above with Mar Nel's clerk, Mrs. Joyce Karach, as she started her $150 shopping spree last week. Mrs. Mohn was the winner of the draw sponsored by the Junior High School Drama Class.

TRAILER FIRE CLAIMS LIFE

Fire in a house trailer early Sunday morning took the life of Robert Lyle Blake, 26. Mr. Blake, the only occupant of the trailer, was apparently overcome by smoke in attempting to leave the trailer.

The Drayton Valley Fire Department responded to the alarm shortly after 6:00 a.m. Sunday, November 7th. The fire is believed to have started in the furnace of the trailer which was parked in the Western Trailer Court.

Coroner Dr. Ian Waugh stated that no inquest would be held.

Rebels Win Three Exhibition Games

BY DOUG BARNES

The Rebels came up big at home this week winning three exhibition games. They defeated Leduc Tuesday night 6 to 5, led by a three point effort by Sam Belcourt with one goal and two assists A very good close checking game. Both teams seem to be in fair shape for this early in the season.

Thursday night the Wetaskiwin Colonels came into town shorthanded and gave the Rebels a real run. The Rebels were down 3 - 0 before they got on the score board.

At 8:51 Henry Hodgson made it 3 - 1. Wetaskiwin made it 4 - 1

Big Move Underway This Week

A big moving project will get underway later this week as the transfer of equipment from Frank Maddock to the new high school takes place.

Classes in the new school will commence on Monday, November 15th, with the formal opening to be held soon on a date yet to be announced.

After the high school students move out, junior high schoolers will move in leaving their present school for elementary pupils.

A dedication and unveiling ceremony of the new cenotaph at Warburg will be held on Saturday, November 13th at 1:30 p.m.

Lt. Governor Dr. Grant McEwan will perform the unveiling ceremony which will be attended by Royal Canadian Legion and Auxiliary representatives. The public is invited to attend.

Police Sgt. Taking Senior Officers' Course

Sergeant Brian Thorstad of the Drayton Valley R.C.M.P. Detachment, left Friday, November 5th, for a six-week course for Senior Police Administrators at Rockcliff Barracks in Ottawa.

Twenty-four police officers are attending the course -- sixteen from the R.C.M.P. and eight from foreign countries.

Mrs. Thorstad accompanied her husband and will visit with her parents in Eastern Canada.

Remanded on Gun Charge

James Nixon of Drayton Valley appeared in Magistrates Court on Tuesday, November 2nd charged with armed robbery and pointing a firearm.

He was remanded in custody, without plea, to Tuesday, November 9th.

Charges by the R.C.M.P. followed alleged theft of a car while armed in the Carnwood district recently.

Trophies Presented at Minor Football Wind-up

Members of Drayton Valley Little Canadian Football teams enjoyed a wind-up banquet in the Elks Hall last Thursday evening.

Master of Ceremonies was Mr. Howard Cathrea who introduced several speakers including Mayor Lloyd Maclean, Athletic Association President Tom Hutton, Father E. Lynch, and Recreation Director Mike Gormley.

Principal speaker for the evening was Allen Ische, a guard with the Edmonton Eskimos. Mr. Ische told the boys about a typical pregame day in professional football and then answered a barrage of questions from the youngsters.

Highlight of the evening was the presentation of trophies and awards by coaches of the three teams.

Blue Bombers: coach Bruce Clemmer to top lineman, Ron Gottschalk.

Eskimos: coach Dale Clemmer to top lineman, Steve Lawrence.

Stampeders: coach Rick Simon to top lineman, Glen Omit.

Blue Bombers: coach Wilf Zorn to outstanding backfielder, Dale Poloway.

Eskimos: coach Terry McGowan to outstanding backfielder, Ron Barker.

Stampeders: coach Rick Simon to outstanding backfielder, Greg Woods.

SPECIAL AWARDS

Blue Bombers: Most Sportsmanlike Player - 1971 - donated and presented by coach Bruce Clemmer to Shawn Turner.

Stampeders: Most Impoved Player - 1971 - donated and presented by coach Rick Simon to Gordon Ceh.

Eskimos: Most Improved Player - 1971 - donated and presented by coaches Dale Clemmer and Terry McGowan to Allan Brown.

Eskimos: Best Sportsman Award - 1971 - donated by D.V. Car Wash and presented by Les Brown to Trevor LaBrache.

The Forster Trophy, emblematic of Little Canadian Football Championship of Drayton Valley was presented to Stampeders captain, Don McRae and Glen Omit by Allen Ishe.

FOWL JOKE

Hallowe'en, on Sunday, October 31st, passed quietly in Drayton Valley with a large number of children enjoying a pleasant evening for "trick or treat".

R.C.M.P. officers report only minor pranks with no damage to property and few complaints.

A prankster, did however, put a chicken in the Post Office mail chute and it gave the sorting clerks a little shock to find the bird clucking around in the morning mail.

Trophy winners at last Thursday's Little Canadian Football wind-up are shown here. Back row, left to right, Trevor LaBranche, Greg Woods, Allan Brown, Shawn Turner and Gordon Ceh. Front, from the left, Dale Poloway, Ron Gottschalk, Ron Barker, Steve Lawrence and Glen Omit.

Rebels Win Three

Cont. from Page 1

at 11:18. Art Assman finished the first period scoreing at 19:57 making the score 4 to 2 for Wetaskiwin.

From here on the Rebels pretty well took over, scoring 5 goals to Colonels 2. Henry Hodgson picked up a hat trick. Art Assman collected 2 goals. This was a typical Colonels Rebel game, lots of hitting and fast end to end play.

Saturday night was a bad night for the Rocky Mountain House Rams. The Rebels skated to an easy 12 to 4 win. Not very good hockey to watch. I thought young Jim Tucker did well in the net. He has all the tools to become a good goal tender but needs experience.

The exhibition schedule for the Rebels will end Tuesday night in Rocky Mountain House when they play the Rams at home. The next home game for Rebels will be Saturday night, November 13th in the first league game against Barrhead, the newest team in the league.

The fan support for the exhibition schedule has been fantastic, 1500 fans for 3 games.

Unfortunately out of this 1500 we had some one who threw nails on the ice. This kind of fan we don't need and I know nobody else wants them either. This sort of thing can cause serious injury to the fellows who are providing first class entertainment. In the arena's of the N. H. L. teams there is something like a trip to court and a $100 fine. We of the Rebel Hockey Club ask you to please stop this sort of thing.

D. V. Highlights

BY MRS. EDITH DEBY

Miss Edna Free, of Calgary, has been visiting her parents, Mr. and Mrs. Claude Free, for the past three weeks.

Mr. Art Munro has had his long delayed operation for a ruptured appendix and is convalescing satisfactorily.

It was a great pleasure to have a letter from Mrs. Robert (Wilma) Gordon last week. The Gordons are now settled in Willowdale, Ontario. Mr. Gordon is working for Ontario Housing and finds it pleasant to have week ends and holidays free, something one doesn't have while managing a hotel.

Those attending the Alberta Hospital Association Convention from Drayton Valley were: Mrs. Jahnke, Hospital Administrator; Mr. Donald MacKenzie, Board Chairman; and Mr. William Johanneson, Board Member. Mrs. Koehmstedt, Director of Nursing and Mrs. Hanson, a member of the nursing staff, attended a seminar on operating room techniques

Mr. and Mrs. Anton Brezina had their daughter, Mrs. Nyilas, of Toronto, with them for a three week visit. Mrs. Nyilas was accompanied by her two young children.

Mr. Sheldon Fuson and his appendix parted company very abruptly last week.

We were especially pleased to receive a card from Miss Barbara Hogarth. Barbara is attending famous St. Donat's College in Wales. The card show a view of St. Donat's Castle with an arch (I don't exaggerate) of climbing roses twenty feet high. Gorgeous.

Very best good wishes for future happiness to to Mr. and Mrs. Larry Smith, nee Inga Glubs, who were married in Drayton Valley on November 5th.

Meat Cutting Demonstration

Mr. Larry Jordan, of the I.G.A. staff, has kindly consented to give a meat cutting demonstration in conjunction with the next meeting of the W.I. Any persons interested are invited to be at the I.G.A. at 5:00 p.m. on the evening of November 22nd. Editorial Comment

If You Can't Remember... Think!

This is the theme of the Royal Canadian Legion's Remembrance program this year. It takes a realistic look at our population's age grouping and recognizes the fact that 60% of the population are under 30. Not only are students unable to remember World War II, many school teachers are also too young to have had any personal involvement.

So the thrust of the 1971 Remembrance message is not that these people should bow their heads and hypocritically pretend to remember something which happened before they were born. The message very simply is: "If you can't remember war, think of the peace and your duty as a Canadian citizen."

In an age of vociferous protest groups, one hears a great deal about liberty, civil rights, opportunities for youth and "doing one's thing". The 1971 Remembrance theme attempts to repatriate one word, a word which somehow has become foreign to too many of us. The word is "responsibility".

For those who are fortunate enough not to remember war, Remembrance Day still has an important message. It is not a message of old battles, but one of old causes. It is not a message of death and the past, but one of hope and the future. Remembrance is a time during which we all can examine our sense of responsibility as Canadian citizens. If we don't do it on this day, when else in our fun-oriented calendar will we find time to make a true assessment of ourselves as citizens of this country and of the world?

Report From Parliament Hill

By Allen Sulatycky, M.P.

There will always be those who will say that a Member of Parliament is interested in his constituents only at the time of an election. How many of these critics, however, make an effort to remain in touch with their elected representative to a greater extent than the casting of their ballots every four or five years?

It is the duty of a Member of Parliament to represent the electorate he serves, by representing the opinions of the people in that electorate. Because of the size of the federal constituencies, ours being one of the largest, the great number of people contained in them, and of course, because of the heavy demands on an M.P.'s time here in Ottawa, it is difficult to undertake to inquire into the opinions of constituents. It is hoped, therefore, that the constituent will volunteer his views.

It is the complaint of most Members of Parliament that the average citizen does not take the trouble to let his representative know what he thinks or wants.

There are several reasons why some people hesitate to write their M.P. Some people believe that even if the Member saw the letter, he would pay no attention to it, his views on the subject having already been formulated by the leaders of his particular party.

This belief is quite false. All M.P.'s that I know of read every letter that they receive. If information or aid is sought, I do my best to promptly fulfill the request. I personally have never been approached from within my party to conform to a certain doctrine. In fact, party leaders tend to encourage a wide range of viewpoints within their own caucuses, so as to be more aware of the differences of opinion throughout the country.

It is my hope that in the future, more constituents will write to me, informing me of their pleasure or displeasure with any issue before Parliament. You can be assured that I value your opinions, and consider all of your suggestions. My address is as follows: Allen Sulatycky, House of Commons, Ottawa, Canada.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

Dr. Bert Hohol already has earned himself a reputation as one of the busiest cabinet ministers in the Lougheed government.

The greying, 48-year-old labor and manpower minister has had to cope with a series of industrial disputes which have been occurring at the rate of about one a week since the Tories won the August 30 election.

Dr. Hohol has even taken to half-jokingly calling himself the "minister of strikes," as he uses his office and all his diplomatic skills to deal with the problems.

A walkout by jailers, a plumbers' work stoppage, a hospital workers' strike and near-chaos in teacher-school board negotiations across the province this fall have kept him hopping.

Dr. Hohol comes well equipped for his role in government, having amassed considerable experience on both sides of the bargaining table.

A stint on behalf of the Alberta Teachers' Association was followed by service with the Alberta School Trustees' Association, giving the labor minister an opportunity to analyze many weaknesses in the adversary system of bargaining.

"We've got to be imaginative," Dr. Hohol says of his department's role. "We've got to be bolder and come up with some solutions. And society as a whole has to generate and develop workable systems."

While Dr. Hohol sees an expanded role for mediation and arbitration, he's not a believer in compulsory arbitration. "I'm not fond of compulsion, but I think there should be some onus on the parties involved to ask government for help when they are in a situation where they know it is beginning to be troublesome."

The labor minister is cautious not wanting to upset either side in a dispute by moving too quickly. For example, he doesn't want to eliminate regional bargaining for teachers until the newly-instituted system has had a chance to prove itself.

Before the next provincial election, Dr. Hohol hopes to complete a review of all provincial labor legislation. The review will feature public hearings on all major bills up for Legislature approval.

He also plans to become actively involved in industrial relations, and not merely in the trouble-shooting role popularized by federal Labor Minister Bryce Mackasey.

"I'm not going to interfere with negotiations but government has to come out of the waiting position and has to be able to say that some things make good sense. It is the minister's responsibility to reflect this attitude and loosen up dug-in postions."

Ralph Novak's Washington

The Teddy Phenomenon

By RALPH NOVAK

WASHINGTON (CEF)

It is a tribute to something — maybe the memory of John Kennedy, maybe the American hunger for hero worship, maybe even his ideology—that Sen. Edward M. "Ted" Kennedy, D-Mass., remains popular and is still trotting along next to the announced Democratic presidential candidates, a dark horse candidate who looks a lot like a white knight.

There was a remarkable demonstration of his holding power one recent night when both Kennedy and Sen. Edmund Muskie, D-Maine, were speaking in two towns not far apart in central New Jersey. Muskie drew a polite crowd of about 500 who murmured appreciatively and applauded at the right times. But Kennedy was received by a group of 2,000 exuberant Democrats, many wearing Kennedy buttons, many cheering for cheering's sake and many, perhaps, misty-eyed enough to be seeing John or Robert Kennedy standing there as Edward spoke.

Of course, ability to cheer and capacity for enthusiasm are not necessarily qualities that make people powerful in political parties, where money and ability to control votes are far more important attributes. It is, nevertheless, a phenomenon of more than passing importance that Kennedy—who would most likely never have even become a senatorial candidate if his name had been Edward M. Schultz—can generate the popular support he does, Chappaquiddick notwithstanding.

A Democratic poll showed him to be the most popular of the potential presidential candidates among blacks and he still shows surprising support among voters in general for a man who is still insisting, at this relatively late date, that he will not be a candidate, and for a man who has few of the qualifications historically expected of presidents.

There may be some kind of metaphysical connection between the Kennedy family's lemminglike urge to occupy the White House and the voters' emotional, often unreasoning, backing for that drive. Whatever it is, it makes Kennedy a figure to be reckoned with even if he does not become a candidate in 1972.

* * *

There was a reminder to be had from that poll that showed Kennedy as the most popular candidate among blacks: The No. 2 man in the list was none other than Hubert H. Humphrey. Whatever his inability to generate the kind of emotional support the Kennedys have received, Humphrey remains an astute politician. And, it would not be unfair to add, still an ambitious one.

LIBRARY NEWS

Due to the kindness of Mr. Len Hogarth we expect to have two copies of "Go Ask Alice" as soon as Hurtigs receives them-probably in ten days. As many know "Go Ask Alice" was written by a young girl as a diary. Alice never intended that anyone besides herself would ever see her writings. It is her own account of her introduction to drugs, how experimentation led to the merry-go-round of habitual use and the gradual deterioration of her body and spirit. After the death of their daughter Alice's parents decided to allow publication of her diary. "Go Ask Alice" does not preach-it shocks.

"Hacey Miller" by James Sherburne is a different kind of novel about the problem of slavery in the years just before the American Civil War. Hacey Miller, the hero of the book, becomes deeply involved in the fate of the slaves and in that of illiterate people of Kentucky.

"The Heirs of the Kingdom" by Zoe Oldenbourg is translated by Anne Carter from its original French. The story is of a group of weavers who left their home in northern France to make the long, difficult and dangerous trip to Jerusalem in the first crusade.

The outdoor How-To-Build-It book is full of ideas for improving one's property. Numerous photographs, drawings and charts illustrate ways of making planters, window boxes, walls, bird houses feeder tables, fences, gates, walls and dozens of other things.

The November National Geographic has beautifully illustrated articles on Cumberland County in East Kentucky, Antarctica, Western Nepal, Trinidad and Uganda.

By-law No. 44-71 to close a portion of road allowance for the purpose of leasing on the west side of the SW 29-51-25-4 received first and second reading.

Mr. Fred D. Hagen of RR #5, Edmonton was present at the meeting in connection with a proposal for a water distribution system from the Town of Devon to the subdivided areas in Townships 51-26-4 and 51-27-4.

It was agreed that the Reeve and two other members of Council be appointed to a Committee to conduct a study in this regard.

It was agreed that Reeve Miller and Councillors Bailey and Bakker be appointed to serve on this Committee.

Mr. and Mrs. Elmer Knudson of Stanger were present at the meeting and requested construction of a public access road to the SE 36-54-7-5. A similar request previously made by Mr. Knudson had been turned down.

It was agreed that this matter be referred to the Public Works Manager to determine what arrangements can be made with the owner of the NW 31-54-6-5 for right-of-way across this quarter.

Deputy-Reeve Rudolph Zander left the meeting at this time.

DRAYTON VALLEY SKI HILL

Mr. Cece Armstrong, Assistant Regional Recreation Director was present at the meeting in connection with the allocation of funds for capital recreational facilities. On the basis of the information submitted by Mr. Armstrong it was agreed that the Drayton Valley Ski Club and Lakeside Curling Club qualify for assistance under the facility development plan. It was suggested, however, that the County only contribute one-third to a maximum of $6,000.00 of the proposed expenditure by the Drayton Valley Ski Club since only a small percentage of the people using this facility are County residents.

It was moved that the Drayton Valley Ski Club and Lakeside Curling Club projects be accepted with County contributions to be made as follows: Drayton Valley Ski Club, one-third of the proposed expenditure to a maximum of $6,000.00; and Lakeside Curling Club, two-thirds of $6,760.00 being an actual amount of $4,506.67.

Moved an amendment to the motion that no further capital recreational facility expenditures be approved from the 1971 budget. Motion carried as amended.

Letter dated October 22nd, 1971 from the Minister of Culture, Youth and Recreation was read to Council suggesting that the proposed plebiscite on regional recreation participation by the County be postponed until such time as the present Government has had an opportunity to study and assess regional recreation development.

It was agreed to accept this suggestion and not proceed with the plebiscite at this time.

Application dated My 17th, 1971 from Mr. Ray Strang of RR No. 5, Edmonton was submitted to Council requesting to lease Lot R4, Plan 5661R.S., Park Reserve in the SW 26-51-26-4.

It was agreed that this application be approved for one year at the rental rate of $25.00 annually.

Water Resources Division report of inspection regarding an erosion problem in the SW 26-51-8-5 was presented to Council.

It was agreed that this matter be tabled until the next meeting.

PUBLIC WORKS RECOMMENDATIONS

The following recommendations were presented to Council by the Public Works Department:

Request for approval to have W. D. Usher and Associates cross-section five gravel stockpiles to determine quantities of gravel for information of auditors at an estimated cost of $1,200.00;

Request for approval to remit $1,000.00 to Steel Brothers Can ada Ltd. as the County share of maintaining the Heatherdown road during 1971;

Request for approval to construct a flex beam guard rail on the coulee fill south of NW 29-51-2-5 at an estimated cost of $2,000.00; and

Request for approval to proceed with purchasing of necessary secondary road right-of-way along the south boundary of the Stony Plain Indian Reserve.

The foregoing requests were approved.

Letter dated October 20th, from the Parkland Regional Recreation Council was presented to Council requesting the appointment of two members to a Committee to discuss the proposed Federal Government Financial Assistance Plan proposed for municipalities.

It was agreed that Reeve Miller and Councillor Mann be appointed to serve on this Committee.

It has been brought to the attention of Council that the road on the east side of the Town of Spruce Grove requires an excessive amount of maintenance due to the large volume of traffic on this road from Broxton Park residents.

It was agreed that the Town of Spruce Grove be requested to maintain this road.

DEVELOPMENT CONTROL OFFICER APPLICATIONS

It was agreed that a committee consisting of Councillors Bakker and Vowk and the Secretary-Treasurer be appointed to screen the applications for Development Control Officer and arrange for interviews of applicants by Council.

It was agreed that Mr. Ken Giese be transferred from the position of purchasing agent to that of office manager effective November 1st, 1971

PROPOSED SHOOTING RESTRICTIONS

It was agreed to table consideration of a proposed by-law governing shooting throughout the whole of the County until the next meeting.

Letter dated October 25th, 1971 from the Town of Stony Plain of the election of Mrs. Aileen C. Kritzinger and from the Village of Entwistle of the election of Mrs. Amelia Clark as representatives of their respective Town and Village on the County School Committee.

It was agreed that Mrs. Aileen C. Kritzinger of Stony Plain and Mrs. Amelia Clark of Entwistle be appointed as members of the County of Parkland No. 31 School Committee for the ensuing three years.

Request for approval of subdivision in the NW 27-53-1-5 and access road easement was received from Rene & Helen Fuchs of Stony Plain. It was agreed that this matter by referred to the next meeting of the Interim Development Board.

It was pointed out that some members of Council will be attending the annual School Trustees' Association Convention on the next regular Interim Development Board Meeting date and there appears to be no other suitable day available for the meeting.

It was agreed that no Interim Development Board meeting be held in November and the next meeting be held on the regular date in December

The Building Committee consisting of Councillors Bakker and Mann submitted a written report of the progress being made on the Wabamun sewage treatment plant building and addition to the water pump house for information of Council.

SEWAGE BACK-UP IN WABAMUN

Written report dated October 26th, 1971 by Councillor Mann was presented to Council advising that on the evening of October 24th, he received a complaint of sewage having backed up in the basement of two residences in the Hamlet of Wabamun.

The report revealed that this was apparently caused by a breakdown of the pumping system as a result of a power surge caused by the power supply to the pump being turned off and back on.

It was agreed that the County insurers be made aware of this matter in case of claim for damages is received.

It was agreed that road plan 616M.D., and 2842M.D. in the N½ 31-50-27-4 be cancelled and the land transferred back to the quarter sections as they are no longer required for road purposes.

Proposed subdivision in the SE 4-51-26-4 by Mrs. Kathleen Preece of Edmonton was received. It was agreed to relax the condition of this application with respect to road dedication and construction and approve the application on the condition that the developer dedicates 34 feet for road purposes adjacent to the existing private oil company road and gets the oil company to dedicate the existing road as a public road.

BUYING CHILDREN'S SHOES

How many steps do you think you take in your lifetime? Your feet are important, have you thought about time lately. Properly fitted shoes are essential to correct development and comfort for your feet.

Purchasing children's shoes are especially important.

MEASURING THE FOOT

Measure both feet, while the child is standing and sitting. The foot spreads when standing so width in shoes is important.

The ball of the foot or the widest part should be at the widest part of the shoes. Feel the sides of the shoe to determine this.

The heel width should be considered so there is no slippage. Also check the top of the shoe to make sure it does not rub the anklebone.

Allow approximately 1/2 inch between toes and end of shoe.

Lacing of shoes will indicate fit. The space between the two sides of lacing should be equal all the way along. If the two sides come together at the top of the lacing, the shoe is too large.

The shoes will show signs when they are too small. Check for scuff marks in the area of the big toe, or feel inside the shoe, if the lining is worn, the shoe is too short.

STYLE

Young children require the support of an oxford style shoe. Fit and good support are essential. Shoes with 4 to 6 eyelets offer the best arch support and better fit. Corrective shoes are valuable in early years on the advice of a Doctor.

SNOWBOOTS

What is practical for a child's snowboot? An overshoe is preferable to a pull-on, because the child will not need to take shoes to school each day. Pull-ons are acceptable for teeners.

The above information is available in a pamphlet "Buying Children's Shoes" available at Box 510. How do your shoes fit?

SOME COLD FACTS!

NEVER A SPECK OF FROST...with Frost-Free!

HOW DOES THE NO-FROST FEATURE WORK?

In a "frost-free" or "no-frost" refrigerator, food is cooled by air that is chilled and dehumidified by circulating it over cooling coils outside the food compartments. The cold dry air is then fan-circulated back into the freezer and refrigerator compartments. The condensation on the coils is defrosted automatically, and drips into a pan under the refrigerator to evaporate into the room.

WHAT IS THE ADVANTAGE OF FAN-CIRCULATED COLD AIR?

Every corner of the freezer and fresh food compartment is evenly chilled by the fan-forced air thereby cooling food more quickly than cold air circulated by gravity. There is a faster recovery of cold losses caused by door openings and addition of warm foods.

DO FOODS DRY OUT?

No-frost refrigerator-freezers work on a principle of constant circulation of air within the refrigerator and freezer. It is very important to keep food wrapped or well-covered, to prevent drying out of the product, and to prevent odors from developing.

MUST A FROST-FREE REFRIGERATOR-FREEZER BE CLEANED OFTEN?

Every refrigerator should be thoroughly washed at least once a month. Use a solution of two tablespoons baking soda to one quart of warm water to wash the interior.

CAN FROZEN FOODS BE STORED FOR A LONG PERIOD OF TIME IN THE FREEZER SECTION?

The freezer compartment in a no-frost refrigerator-freezer is known as a true-zero-degree freezer. The temperature is maintained at approximately zero degrees, ensuring long-term storage.

IS IT EXPENSIVE TO OPERATE A FROST-FREE REFRIGERATOR?

A frost-free, zero-zoned refrigerator-freezer will cost more to operate than the standard refrigerator but the owner is receiving extra value. The frost-free feature eliminates the time consuming task of defrosting and the freezer section will keep frozen foods at top quality.

WHAT OTHER FEATURES SHOULD BE CONSIDERED WHEN BUYING A REFRIGERATOR?

A Butter Conditioner is an opuonal feature. A temperature control will keep the butter firm or at a desired spreading consistency.

A special Meat Keeper is available which has chilled air circulation to keep meat fresh up to seven days.

Removable Egg Trays are most convenient. Some will store up to twenty eggs.

Shelves that slide out or revolving shelves make food at the back readily accessible. Adjustable or cantilever shelves are excellent space-savers as they can be adjusted to any position to accommodate bulky or small items.

If you are planning to purchase a new refrigerator, obtain a free Refrigerator Buying Guide by writing to Calgary Power, Home Service, Box 1900, Calgary, Alberta.

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:

This letter is about my granddaughter. She is 15 and her mother is having a lot of trouble with her. She takes off every time she gets a chance. The police brought her home a couple of times and still she goes away. She runs around with teen-agers who are drinking heavily. A man from the welfare came to her home the other day enquiring about her. She was gone then. I am asking you what could be done with her. Even though you talk civilly to her she won't listen. Her family cannot afford to put her in a private school.

Dear Disturbed Grandmother:

I gathered from your letter that the relationship at home is so bad that if her parents suggested going to a counsellor she would likely refuse. If this is the case, then suggest to her mother that she have the welfare worker return to the home and share with the case-worker what the situation is exactly. This will give the girl an opportunity to talk to someone outside of the family. If the worst comes to the worst, the girl can be made a ward of the government and either assigned to a foster home or transplanted from her present environment into a govern ment institution where definite guide-lines will be required of her and her behaviour patterns. This may seem hard to do, but it is far better than letting her continue in this rebellious way and eventually harming herself and others.

Dear Mr. Cantelon:

I would appreciate your kind help as to where to go to get help for my mother. She is at the moment depressed and is in ill-health She is 63. She married a second time and has a young lad from this marriage. The boy is on probation for one year because of stealing. The father works in another town and comes home but once every other month. In his absence he sends very little money home. She uses scraps of lumber and wood from the town dump for firewood. Could she get Welfare? Is there a certain amount that must come from the husband to support her and the boy? Could any assistance be given her, if his wages are insufficient? Her hope is running low and at times she doesn't care to live anymore.

Dear Worried:

No human being should have to endure this kind of situation. Contact the counsellor at the nearest Social Development Office for the Government of the Province. If someone needs to present her case to the porper agency contact any clergyman or priest. He would be pleased to help regardless of Church affiliation.

Dear Mr. Cantelon:

I am in my middle years. I am divorced, but not the "gay-divorcee-type". I am trying to raise a teen-age boy by myself. This boy tends to get very lonely without his Dad, and so his friendships mean much to him. Well, a few days ago, my son and I planned to take in a movie. That very evening, one of his friends phoned up and asked him to go out. My son told his friend of our plans, whereupon, he received this response, "Your mother wants to go out where she can sit and be picked up by some man." This young man visits our home regularly. He has never seen any men coming or going that could plant such a thought in his mind. Mind you, there have been certain insinuations in the past, but I've ignored them. What do you suggest should be done?

Dear Divorced:

You shouldn't have even let the insinuations pass by ignoring them. This young man needs to learn that if he chooses to judge anybody, he had better judge them by the facts and not a false image of what people in your situation are like. Confront him with what he said, and give him a good, straight, man-to-man talk. Your son may loose a so-called friend, but he needs that kind of a contact about as much as a hole in the head.

Wildwood Council Meeting Summary

At the regular meeting of the Wildwood Village Council it was reported that a new pit has been dug at the nuisance ground. The council is continuing to try to locate a new area when this one is completely filled.

Council passed a by-law to allow the Village to enter into an agreement with the Yellowhead School Division for reciprocal use and planning of village and school facilities.

The library has 60 new books purchased and have ordered an additional 350. Mrs. Marie Nikoloyuk has been appointed by council to serve as a member of the Library Board. The board is working very hard to get all the cards etc. finished so the library can open by the 1st of December. Special opening will be announced.

Council decided to request a copy of the minutes of all meetings of the Yellowhead School Division.

Snow removal was discussed and driveways will again cost the taxpayer $2.00 each time they are snowplowed. Any other work done will be charged on an hourly basis with a minimum of $2.50 for 15 minutes, or $10.00 per hour.

It is too late in the season to level the area of the skating rink, however, Mr. Tindall feels proper flooding will level the ice for skating.

R.C.M.P. Corporal Kusalik and Constable Medley attended to meet the council and discuss any special problems the village might want to report.

Tortured for Christ!

Milan Haimovici

Lutheran pastor Milan Haimovici spent eight years in Romanian jails passing through indescribable tortures. The Communists placed him barefoot on burning coals. He was savagely beaten in the groin and made to empty barrels filled with the human waste of thousands of prisoners with his own hands. However, his faith withstood all these trials. Even Communist officers as they spoke later about it, were filled with such respect that they took off their hats when speaking about this living saint. Thousands of Christian prisoners died in Romanian Communist jails. A complete account of their courageous faith and stand for the Lord is contained in the book TORTURED FOR CHRIST, by Rev. Richard Wurmbrand, a bestseller in 25 languages.

Be interested in the plight of our persecuted brethren behind the Iron and Bamboo Curtains. You can help!

BEEF PRODUCTION FROM DAIRY STEERS

Experiments carried out in the Animal Science Department of the University of Saskatchewan indicate that extremely economical gains can be made by Holstein steers fed high barley rations.

Calves used in these experiments were handled in the same way as replacement dairy heifers until they weighed about 225 pounds. They received colostrum (first milk) for 2 or 3 days; milk replacer, hay and starter until weaned at approximately 140 pounds; and hay plus 3 or 4 pounds daily of a 20 per cent crude protein starter from weaning until they reched a weight of 225 pounds. The rate of gain was 1.3 lbs./day to weaning and 1.6 pounds daily from weaning to 225 pounds.

The particular barley used was dry rolled, weighed not less than 48 pounds per bushel and did not contain less than 13.5 per cent crude protein. The only thing added to the straight barley ration was a supplement containing one per cent cobalt-iodized salt, one per cent ground limestone, 015 per cent dicalcium phosphate 4,000 I.U. of Vitamine A and 400 I.U. of Vitamin D per pound of feed.

This ration gave rates of gain of 2.4 lbs./day at a cost of 15.2¢ /lb. of gain from weaning until the steers were marketed at 925 to 1,025 pounds.

MINOR HOCKEY CORNER

A new innovation in the Minor Hockey program this year is a Hockey Handbook, available to every Minor Hockey Player and Purchaser of Booster Tickets. The booklet gives an overall picture of the Minor Hockey program, its operation, events throughout the year, ideas for hockey players, tips for coaches, lists of all team and player winners for the 70 - 71 season. It would be worth while for every Hockey enthusiast to have a look through the booklet and find out what the Minor Hockey program is doing for the Drayton Valley area. Credit must go to President Doug Hall and his hard working executive for the thought and initiative that has gone into this booklet.

Last week saw the beginning of the Minor Hockey regular league schedule with all teams seeing league action, all results and league standings will be printed weekly from next week under the guidance of league statistician Mrs. Elaine Kobernick.

All teams in the organization have a full compliment of players with two or more coaches assigned to each team. The complex portion of the program which is scheduling is slowly being ironed out by scheduling chairman Don Bester, the completion of the outdoor ice will relieve the problem slightly. Parents are reminded to help support the program by watching the schedules that arrive at home and follow the games at the arena.

Last weekend saw the Roses Well Service Clippers go down to defeat without 6 of their regulars, 12 - 2 at the hands of the Camrose Midgets. Next league action will be the 14th of November at 4:00 p.m. when they will host the Innisfail Midgets in a regular league game.

Led by a two goal performance by Gary Swendsied, the Burrows Motors Challengers battled the Red Deer Bantam A Moose to a 4 - 4 tie at the Arena Sunday afternoon, the Challengers were only outsized in the match as they kept the Red Deer team in check throughout the game. The Challengers will return to Red Deer on Saturday for a return match.

BUCK CREEK NEWS

How would you like to go all the way to Drayton Valley to mail a parcel or a couple of miles down the road to pick up your mail. For further details ask Ruth Smestad next time you get your mail at the Post Office, within the next week. They need our support and we need the Post Office. What would Buck Creek be without it?

There wasn't a very big crowd at the dance but everyone there reported it the best dance in a long time. The first prize for best Halloween costumes' was won by Mr. and Mrs. Ken Thursk, dressed as Black Cats. Second prize went to Mrs. Omit, as a witch. The first prize for comedy was won by three couples, Mr. and Mrs. Bob Barker, Mr. and Mrs. Len Regenwetter and Mr. and Mrs. Ken Shepard, all dressed as Jolly Green Giants; and second prize was won by Bill Dutchak as an Irish washer woman.

Joe Safronovich, Al Tink and Arnold Olsen returned from a very successful hunting trip this year.

F.M.H.S. Competes In Rimbey Tourney

On Saturday, November 6th the senior volleyball teams travelled to a tournament in Rimbey. Drayton Valley competed in Division "A" against Rimbey, David Thompson and Red Deer. Both the girls and boys teams split their two game series (won one, lost one) against each opponent. The girls had to play a sudden death final against David Thompson before the final league standings could be determined.

The calibre of play at the tournament was high with F.M.H.S. playing extremely well, much better than the results indicate. Both the senior girls and the senior boys competed in the consolation final against Rimbey. The girls were defeated 15-9, 15-12 in the final event. The boys won 15-12 and 15-9 to bring home the consolation trophy. Congratulations Warriors.

Both teams were worthy representatives of F.M.H.S. and deserve a lot of credit considering their handicap of limited gym time and space.

The juniors and seniors will be hosting a tournament here in Drayton Valley at the Junior High School on Friday, November 12th and then the seniors travel to Ardrossan on Saturday, November 13.

TO THE RATEPAYERS OF DIVISION 6

COUNTY OF PARKLAND

My intentions are to keep this as brief and yet as thorough as limited space allows. This being a contestant in this councillor's contest is a bit of a shock to myself, as well as many others, as we are relatively new to the immediate area. -- Almost ten years.

First, let's examine the primary requirements of such an office. One ought to possess that somewhat unmodern trait of honesty. At the same time he (she) should be an expressive individualist, capable of intelligent thought and debate. This individual ought to be diplomatic enough to support or reason intelligently with associates and all other contacts, so as not to unduly hinder or delay general progress. He must not be prone to bullying tactics that could undermine concerted effort. He ought to be informed of general county business and procedure, past, present, and to some degree, projected. And ambitious enough so as not to be afraid to give value or let's just say -- to produce!

In the past, your honoured scribes have 'implored' the electorate to excercise their franchise at every level of governmental elections. My wife, family and myself make this a very definite and personal request, bordering on the obligatory. Candidates have been fielded by concerned ratepayers of the county. The tasks that elected individuals will be burdened with are increasingly complex, tedious and more often than not, quite thankless. A request of this nature ought to seem like a mere pittance compared to what will be expected of an elected official. As I am not elected by a long shot, my very strong views on this issue can be spontaneous and definite.

As for promises! I refuse to tote any laurels of past performance or participation in public affairs, and of these I've had more than my fair share; without remuneration. To many of these laurel totes sound a little too much like laurel toots. You can only deal with problems when and as they arise. Every situation is different altho some similarities may exist.

Shall endeavour to meet some of the ratepayers in the area (west portion) where I must presume I am virtually a stranger. The area in question is quite familiar, but I must confess, most of the inhabitants are not.

May I take this opportunity to wish my worthy opponents every success.

Regardless of whom you elect to represent this division, may it be said of him, that his is a harmonious and progressive relationship with his ratepayer neighbor and council associates. May it remain an area where newcomers, like oursleves, can plant roots and see them grow. This healthy situation can only foster continuing growth and prosperity within an area.

One last reminder for 'good councils sake' - get out and vote on November 24th. The only vote that is lost is the one that wasn't cast. Thank you all.

According to the August issue of "Consumer Reports", about half the beef eaten in the United States is eaten in the form of hamburger -- some 11.3 billion pounds a year, or an annual average of about 55 pounds of hamburger for every man, woman and child in the country.

It was reported in the April issue of Food Engineering and the May issue of the Journal of Dairy Science, that a group of researchers have succeeded in combining milk and orange juice to make a single beverage. (Alberta Dairy Newsletter).

Warble Inspection At Auction Marts

Considerable time, effort and thought has been attached to the problem of cattle grub inspection at auction markets during the grub emergence season.

Every possible measure of co-operation to ensure treatment for Warbles and to prevent re-infestation is necessary now that two-thirds of Alberta cattle are in Warble Control Areas.

A general system of control at auction markets has been recommended.

The following system of inspection and control for Warble Grub infestation will be effected at all Alberta auction markets February 1, 1972, and will carry through the Warble Grub emergence period, usually through May in the southern part of Alberta and through June in the northern part of the province.

Auctioneers will announce infested animals prior to sale in the ring and auction market management will be responsible for furnishing the names of contributor and buyer of such grub infested cattle to the Agricultural Service Board Fieldman and/or Pest Control Officer. Satisfactory arrangement for treatment can then be made where the animals remain in or enter into a Warble Control Area.

The Fieldman and/or Pest Control Officer will be responsible for reporting the names of all contributors or buyers outside of his area to the A.S.B. Fieldman or Pest Control Officer in the area concerned so that cattle can be followed up and treatment arranged.

Pest Control Officers, local veterinarians and auction market managers may make arrangements at the local level for treatment at auction markets. Such treatment will be dependent on weather, stress factor, and whether the animals are milking or not. The cost of this treatment would be assessed to the contributor of the cattle.

Treatment with the contact insecticide Rotonone at auction markets is a relatively simple matter, weather and time permitting. Cattle treated by this method do not have any withholding period for slaughter and is perfectly safe for use on milking dairy animals. Systemic treatment poses more problems and it is much better where the cattle are done at home prior to sale date.

Cattle owners are strongly advised to treat their cattle for Warble Grubs before and up to the end of November.

Approved insecticides are available at the County offices in Stony Plain and Drayton Valley, Sekura Auction in Drayton Valley, Dan Schadeck, Tomahawk, Mair Feed Stony Plain and Spruce Grove Feed in Spruce Grove.

Air Cadet News

On Sunday November 7th a glider and tow plane were flown in from Penhold and nineteen Cadets had glider familiarization flights. Unfortunately the tow plane had engine trouble at Penhold and plane and glider were late arriving. Six Cadets were unable to get a flight as the glider had to return in daylight hours.

These six Cadets will get flights either at Namao or Penhold when gliding is again in progress.

A very big vote of thanks is due the pilots, Captain Graeme Proudfoot, Captain George Webber, Lieut. Donald Freeman and A.C.O. Captain Tenny Hallet who donated their spare time to this Air Cadet Gliding program, to Mobil Oil of Canada for allowing use of the air strip; to civilian committee chairman, Vernon Ranks and members Jack Coppens, Bruce Cable and Officer Cadet Ted Oscar for their help with the launching operations and paperwork; the Cadets themselves for their patience while waiting for flights and their help with launching operations; and last but not least the parents and spectators that came out to watch the program.

Hope to have another days gliding in Drayton Valley when weather conditions improve in spring and once again the Air Cadet Gliding Program can be brought to Squadron where air strip facilities are available.

Captain Ray - Cadet liason officer was out to inspect and visit the squadron last week and within the month Mr. Esdale, past provincial committee chairman of the Air Cadet League of Canada will be out to pay the Squadron a visit. Mr. M. McCullagh was re-elected to the Provincial Committee last month and congratulations go out to him.

It is hoped that at the beginning of December the Squadron will have moved to its new quarters in the new high school where orderly room facilities will be much better.

Cadets who have missed three consecitive parades are no longer on the roll and must return their uniform to the Supply Officer or attend parades and request reinstatement. Uniforms are the property of the Department of National Defence and are out on loan - if not returned to Squadron when leaving the Cadet organization they will be charged for.

A reminder that the 7:00 p.m. parade on November 11th is cancelled, however, a Remembrance Service parade will be held at 10:15 a.m., November 11th outside the Legion Hall. Roll call will be taken and all Cadets with uniforms are expected to wear them. Cpl. Ranks and Cadet Empringham will represent the 733 Squadron as flag bearers in the Official Color Party. Cadet Lyle Pass will represent the Squadron in the wreath laying ceremony.

Films are programed for the November 18th parade with two on meteorology, one on summer bush survival and the last on winter bush survival.

Joe Clark to Seek P.C. Nomination

Joe Clark, 32, of Edson and High River, announced last week he will seek the Progressive Conservative nomination in the federal constituency of Rocky Mountain.

Mr. Clark is a journalist, whose family published The High River Times from 1905 to 1966. From 1967 to 1970, Mr. Clark worked in Ottawa, first as special assistant to the Honourable Davie Fulton, former minister of justice, then as executive assistant to the Honourable Robert Stanfield, leader of the opposition and of the Progressive Conservative Party. Before going to Ottawa, Mr. Clark taught political science at The University of Alberta.

Joe Clark has been active in the Progressive Conservative Party since the first Diefenbaker election. He was a candidate in the 1967 provincial election, losing narrowly to former Speaker Arthur Dixon, in Calgary South.

Rocky Mountain constituency which includes Drayton Valley ranges from Waterton Park to the Swan Hills. Because of its size, Progressive Conservative nominating conventions will likely be held in seven centers throughout the riding.
